California State University, Los Angeles

Cal State L.A. has been a dynamic force in the education of students, setting a record of outstanding academic achievement for more than 60 years within the California State University system and beyond. Here, students, taught by nationally and internationally-recognized scholars in their fields, have gone on to become the nation’s legislators, technicians, educators, artists, writers, engineers, healthcare providers, leaders in business and industry, entertainers, athletes and scientists.

Living in the Cal State LA Community

The Cal State LA Community

Only minutes from Los Angeles' civic and cultural center, Cal State L.A. is at the intersection of two major freeways, making it simple to get to and from the vast resource that is Los Angeles—mountains, beaches, museums, cultural centers, major sports and concert venues, and the "entertainment capital of the world."

Serving approximately 20,000 students, primarily from the greater Los Angeles area, Cal State L.A. operates year round on the quarter system. Four quarters, each 11 weeks in duration. Cal State L.A. is organized into six colleges that incorporate 50 academic departments and divisions offering a variety of majors, and nationally recognized programs in science, the arts, business, criminal justice, engineering, nursing, education and humanities.

Student Activities and Involvement at CSULA

Students who are actively involved in their own learning and development are more likely to be successful in college. Colleges and universities offer students a wide variety of opportunities both inside and outside the classroom to become engaged with new ideas, people, and experiences. Institutions measure the effectiveness of these opportunities in a variety of ways to better understand what types of activities and programs students find the most helpful.

Institutions participating in the VSA program measure student involvement on campus using one of four national surveys. Results from the one survey are reported for a common set of questions selected as part of VSA. Following are the selected results from the National Survey of Student Engagement (NSSE). The questions have been grouped together in categories that are known to contribute to student learning and development. The results reported below are based on the responses of seniors who participated in the survey.

Group Learning Experiences

- 93% percent of seniors worked with classmates on assignments outside of class.

Pilot Project to Measure Core Learning Outcomes

Colleges and universities participating in the College Portrait measure the typical improvement in students' abilities to think, reason, and write using one of three tests. This is part of a pilot project to better understand and compare what students learn between their freshman and senior years at different colleges and universities.

Results from the Collegiate Learning Assessment

The Collegiate Learning Assessment (CLA) measures critical thinking, analytic reasoning, problem solving, and written communication using a performance task and an analytic writing task. The scores from the tasks are reported separately below.
